

QUALITY POLICY

Version 21 - May 20, 2021

Eltek is committed to quality assurance as a basic strategy for competitiveness and growth. We are focused on understanding our customers' evolving needs, and meet or exceed their expectations. Our policy is to continually improve our organization, processes, products and services in order to stay competitive, while respecting ethical and legal obligations.

Eltek is committed to creating value for our customers by;

Developing state-of-the-art products

Through continual innovation, we develop and deliver best-in-class and sustainable technology, products and solutions for the world's digital infrastructure.

Providing fault-free, reliable products that meet agreed functions and specifications.

We continually evaluate the needs and expectations of all stakeholders, as a basis for improving processes, products and services during the product lifetime.

Delivering on time and at the agreed price

We continually monitor and enhance operational performance along the value chain from our suppliers to our customers.

A handwritten signature in blue ink, appearing to read 'C. Howe'.
